

PRIME MINISTER

Prof Lauritz Holm-Nielsen

President of EuroScience

Strasbourg

Budapest, 6th April 2017

Dear Mr. Holm-Nielsen,

I greatly value your interest towards Hungary, and I would like to express my gratitude for your kind letter. I do have to inform you however, that the claims you have made do not correspond with reality.

I have received many letters with the same content, which suggests that the false allegations presented in every inquiry are possibly the results of an international disinformation campaign.

Hungary is a country that values its universities, its professors, and the students who invest great energy in their academic duties. The value of intellectual work and performance is clearly declared in the Fundamental Law of Hungary.

The government of Hungary has published every piece of factual information regarding the issue you have raised. I would respectfully like to ask you to consider this information as well, should you decide to continue following the life of Hungary in the future.

I wish you good health and much success in your highly responsible duties.

Yours sincerely,

ORBÁN Viktor
